

Bachelor of Administrative Sciences (Accounting specialization/ Business Administration Specialization) (Honors)

Introduction

This Program is designed for those students seeking to embark on a career in the Business sector. Students will be provided with a sound theoretical and practical knowledge and skills base, which are prerequisites to successfully embark on a career in the business sector or within the larger company environment. In addition, it will provide a stepping stone to students who are interested in enrolling on professionally recognized qualifications such as the Society Human Resource Management (SHRM), Certified Management Accountant (CMA), Certified Internal Auditor (CIA), Association of Chartered Certified Accountant (ACCA), and Chartered Financial Analyst (CFA) program.

Program Aims

The Program is committed to:

- Produce competent graduates with academic excellence and entrepreneurial skills.
- Recruit and retain high quality academic staff.
- Enhance the learning environments through state of the art educational approach.
- Enhance research productivity of the College.
- Produce research that is based on community needs.
- Improve student satisfaction with the College processes and programs.
- Develop partnership with business and community organizations.
- Establish strong ties with alumni and solicit feedback and engagement.
- Develop spirit of cooperation and awareness with high schools.

Program Outcomes

Knowledge
